PHILIPPINE CHALLENGE CAKE AND CHOCOLATE SALE

In November 2013, one of the strongest typhoons ever recorded hit the Philippines, devastating the country and other parts of South-East Asia. Typhoon Haiyan, known as Typhoon Yolanda locally, resulted in the deaths of over 6,000 people, with many more reported missing. Every year since, St. Peter's High School have helped to fundraise for this worthy cause.

Now, over two years on, many in the Philippines are still rebuilding their lives. This year, St Peter's High School have asked us to help them raise money for the 24 Hour Challenge – a real team effort!

On Wednesday 23rd March, we will be hosting a whole school cake sale in order to raise money for the Philippine Challenge. Cake donations would be greatly appreciated whether bought or made. Each cake will cost 50p and will be sold at break time.

Additionally, Year 5 pupils will be selling chocolate this day to Year 3 and Year 4 pupils. They will have designed, created and priced the chocolate themselves as part of their topic work and will have created advertisements to persuade the children to choose their treats. Chocolates will be individually priced from 20p to 50p and all proceeds will go to the Philippine Challenge.

NETBALL NEWS

St Peter's played their final netball match of the season yesterday and managed a superb 8-1 win over Tredworth Junior School. A huge well done to the children who played the match with so much determination and enthusiasm: Jakub, Rome, Katy, Hannah, Kiera, Elvis and Esme. Amazingly, St Peter's netball team managed to win 5 out of 6 of their games this season. A huge thank you to all of the children who represented our school so well. You should be very proud of your great teamwork and excellent sportsmanship. Also, a big thank you to family and friends who came to cheer our team on in the cold and to the PFA for providing much-needed squash and biscuits at each of our home matches.

LIFE EDUCATION CENTRE

The Life Education Centre visited our school this week. The Life Education Centre aims to help children develop the confidence and thinking skills needed to make informed health choices. The children explored a range of health related issues such as hygiene and healthy eating, managing emotions and keeping safe.
