#### **Y4 FOOTBALL COMPETITION**

Congratulations to the Year 4 team who won the Vase trophy at a football competition at Sir Thomas Rich's on Tuesday. The team consisting of Charlie, Oliver, Roshan, Christian, Cruz, Kudzai and Daniel played brilliantly throughout the day winning five of the seven matches that they played in. In the final, the school played against a very good Widden side and were 2-0 down at half-time. The team showed a great determination and spirit to come back into the game and bring the score back to 2-2 at full time. The game continued to penalties where the team eventually won during sudden death. All the children had a great day and really enjoyed coming back to school to let their peers know the good news!

#### **UNDERSTANDING YOUR CHILD – SOLIHULL APPROACH**

We are delighted to announce that staff and parents can now access an innovative ONLINE course about children, worth £39, **completely free of charge**. Understanding Your Child is put together by the Solihull Approach, an accredited, evidence based approach established 20 years ago by psychologists, health visitors and other health professionals.

Understanding Your Child is for parents, carers, and professionals caring for children aged 0-18 years. It looks at brain development, play, styles of parenting, sleep, temper-tantrums, communication and more and is based on the nationally and internationally acclaimed face to face course offered by the Solihull Approach.

Please look out for the separate letter sent home via ParentMail with instructions about how to log on to this free resource.

"This course has been an absolutely invaluable gift to me. It has and will change so many aspects of my life. I am undoubtedly a better parent and more rounded and fulfilled person as a result. Some aspects have literally been like 'Eureka' moments to me! I WISH I'd known all this years ago"

"The Solihull Approach course I did made it clear parents don't need lessons: daily life throws us enough of those. What we need is the space to step back and observe our children. We need some structured guidance to help us reflect on all the factors that make them behave the way they do; some developmental, some circumstantial."

"I have found the online course very useful. Now, I take time to think more during difficult situations and during arguments with my kids."
