PENTECOST

On Monday, in our act of worship, we celebrated the feast of Pentecost.

The children learnt a lot!

Do you know how each of these images are linked to PENTECOST? Ask your children—I'm sure they will be able to tell you!

The children learnt that the Holy Spirit gave the disciples courage to go out and tell everyone that Jesus loves them. So, our mission this week is to show others that Jesus is alive in us and we will:

SPEAK WITH LOVE, LISTEN WITH LOVE and ACT WITH LOVE

Jubilee Tea-towel Mementos for sale

To commemorate the Queen's Platinum Jubilee, we have created a wonderful keepsake for every child. We thought it would be lovely to have a memory of this special, historical event so every year group has made a tea towel to treasure forever. Each child has contributed by sketching their self-portraits. What a wonderful way to remember 2022!

Here is a sneak preview of what we have created.

The cost of a tea towel is £5 and must be paid for on ParentPay. Hopefully, they will be available from next week onwards but we will notify you when they can be purchased. At the moment, there are only enough tea towels for one per child. We can't wait for you to see our jubilee mementos!

Year 4 Multiplication Table Check (MTC)

$$\begin{array}{r} 212 \\ \times 14 \\ \hline 848 \end{array}$$

In June, Year 4 pupils will be required to take the statutory Multiplication Tables Check (MTC). The check is to test if children can fluently recall their times tables up to 12, which is important for fully accessing many areas of the Mathematics curriculum throughout Key Stage 2, and beyond. The MTC is an on-screen check with 25 times tables questions. Children will have six seconds to answer each question. The check should take around five minutes to complete. Children have been practising their times tables on a daily basis with their class teachers but parents can help at home too. Please encourage children to practise every day. You can use fun websites such as

<https://www.ttrockstars.com/> or <https://www.topmarks.co.uk/maths-games/hit-the-button>.

There are also mock-up websites that simulate the actual test with 6 seconds per question. We have been using this one in school. Follow the link or the QR code.
