

St Peter's Catholic Primary School's Offer of Early Help

Our ethos and aim is to promote the safety, well-being and resilience of all children and their families throughout the school and to make sure that our children are safe, healthy, aspiring and achieving.

Our ambition is to offer Early Help as soon as possible to children and families who need help and support.

Early Help means identifying needs within families early and providing preventative support and intervention before problems become complex and entrenched.

Early help allows for support to be put in place at the right time to meet a child and families' needs and before issues reach crisis point.

We will do this in partnership with You, Our School Team, Our Supporting Agencies, Our Local Community and Our Parishes and Diocese.

We access guidance and support from our Community Providers which include
